2. Editor of the *Quarterly Economic Commentary (QEC)*. The *QEC* is the main output for the *grant in aid* administered by the Department of Public Expenditure to the *Economic and Social Research Institute (ESRI)*. This typically totals €2.5 million on an ongoing annual basis.
3. Co-responsibility for the residential property research project funded by the Department of Housing. The funding amounts to €200 thousand a year over a three year period.
4. On the steering committee for the joint ESRI and Department of Finance Research Programme on the Macro-economy and Taxation. The funding typically amounts to about €300 thousand on an annual basis.
5. Co-responsibility for the financial stability research programme funded by the Department of Finance. The funding amounts to €75 thousand a year.
6. I have also authored or co-authored a number of reports which were commissioned by both private and public sector parties.

Survey

In 2012, I along with a colleague in the Central Bank devised and administered an “Income Survey” for Irish mortgage holders. The survey, which has a sample of 2,000 households, was conducted by IPSOS MRBI and is representative of the entire mortgage books of Allied Irish Bank, Bank of Ireland, and Permanent TSB. The results of the survey have been used to underpin research in at least four different Central Bank of Ireland research technical papers, four of which subsequently have been published in international peer-reviewed academic journals.
