This register, which is based on replies to a questionnaire sent out in March 1988, provides information on research in progress in Irish universities, colleges and other institutions. The Institute and the compiler gratefully acknowledge the help received from the contributors in submitting entries and thus making possible the publication of the register.

Users are reminded that entries in the register are those provided by respondents and, hence, responsibility cannot be taken for the accuracy of the information presented. For further details of the research listed, direct approach should be made to the research worker(s) engaged on a particular project.
